

# **Put Your Phone Down.**

## **Lyrics (Video Version)**

---

### **Intro:**

**I mean, you know what's crazy to me is like...  
Nobody ever talks in person anymore, you know?  
Like, you got Twitter, and Facebook, and everybody's sending text  
messages,  
But like nobody's ever sitting down like this and just talking, you know?  
I mean, for all these technologies we're actually further apart...  
You know what I'm saying?  
Hello?**

### **Chorus:**

**Excuse me sir, could you please put your phone down?  
You're not walking straight, you're stumbling around!  
You're in public man, you're being kinda rude...  
Your text messages are not that important dude!**

**Excuse me lady, could you please put your phone down?  
You're talking too loud, like nobody's around!  
I'm sure your friend can wait to hear what you've got to say...  
I don't want to know that much about your day.**

### **Verse 1:**

**I'm standing on line, at my favorite café,  
Try'na get my coffee like I do every single day.  
This dude in front of me is texting up a storm...  
Thumbs moving like bees in a damn swarm!**

**I mean it's none of my business, how you spend your time...  
But pay attention dude! You're like next in line!!!  
He finally gets to the counter and is like "ummmmmm"**

**I'm like man, you're hella dumb.**

**Chorus (same as before)**

**Verse 2:**

**The other day I was at the gym, try'na get a workout.  
This lady walks in, and I don't know what she's talkin' 'bout.  
She's on her phone like she's speaking at a seminar...  
I'm like damn, do you any sense for where you are?**

**Tellin' family business, I mean like everything!  
I'm try'na tune her out, but then I heard this ding...  
"Oh that's a text from the clinic, I'm all clear!!"  
Man that's that more than I wanted to hear.**

**Chorus (same as before)**

**Verse 3:**

**So like, the other night, I went to dinner with my friends,  
It's been a while, grab a beer, you know, catch up with them.  
We're just chillin' at this restaurant around the way,  
And these dudes will not put their phones away...**

**I'm like what's up guys, it's been a while, how you been?  
They're like "hold on bro, I'm on facebook checkin' us in"  
I'm like dang man! I started getting bitter...  
You don't have to answer in person man, just hit me back on Twitter.**

**Chorus (same as before)**

**Put Your Phone Down!!!**

**Put Your Phone Down!!!**

**Put Your Phone Down!!!**

**Put Your Phone Down!!!**
